Global Genius Awards 2025 & World Genius Search Examination 2025

WGSE 2025 HANDBOOK

1. WGSE Scores

Apart from Global Genius Awards, WGSE Results offers two scores:

a. Global Percentile Score™ (GPS)

WGSE Results give Global Percentile Score (GPS) for the students. GPS is the primary score which depends on the WGSE Performance of the current year. All the 100 percentile scorers are bestowed with Global Genius Awards 2025.

However, the other score – Global Intellectual Index (GII) is more precious than GPS due to its structure and wider applications.

b. Global Intellectual Index™ (GII)

Global Intellectual Index is the caliber measurement score derived not only from current year score; but from the scores of all the WGSE participating years. It has detailed analysis too. GII is offered on a scale of 0 to 9.

Consistent WGSE participation ensures more reliable and precise GII as it is calculated using all the scores the student scored in WGSE from the base (first) year to current year. Please read the following explanatory note on GII.

c. GII: Scope & Applications Explained

GII of a student is derived score from all the WGSE scores. It can be effectively used for various applications including campus recruitments, proficiency assessment, educational loans, and admissions to various Universities, International Recognitions and Scholarships.

It acts as the Credible Caliber Index in Academics and Career.

2. Mode and Pattern of WGSE 2025

We would like to maintain the uncompromised equations parallel with IIMs, IITs and MIT. This prompted us to conduct World Genius Search Examination (WGSE) 2024 in the conventional paper and pen mode as students are back to school.

WGSE 2025 will cover the syllabus of the following subjects during the academic year 2024 -25. Questions are mainly from Mathematics and Science connected to daily life experiences and applications. The higher classes will have questions from IT, English and Logic as mentioned in the table below.

Note: Syllabus is based on the **current year** (AY 2024 -25). * indicates few questions of Class 6 to 10 will have **more than one correct answer** as shown below.

AY 23 - 24*	No. of Questions							Correct Ans	Time
	Maths	Science	English	G K	Logic	I T	Total		
1	10	10	10	×	×	×	30	1	60
2	10	10	10	×	×	×	30	1	60
3	15	15	5	5	×	×	40	1	90
4	15	15	15	5	5	5	60	1	90
5	15	15	15	5	5	5	60	1	90
6	15	15	15	10	10	10	75	*	120
7	15	15	15	10	10	10	75	*	120
8	25	25	10	10	10	10	90	*	120
9	25	25	10	10	10	10	90	*	120
10	25	25	10	10	10	10	90	*	120
